Compiled by Secretariat of the Pacific Community (SPC) and Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) Coping with Climate Change in the Pacific Island Region (CCCPIR) program

Designers: Saula Baleikaba, Jipé Le-Bars (SPC), Duane Leewai, Charles Pierce, Hanna Sabass (SPC/GIZ CCCPIR), Apenisa Tamani (SPC/GIZ CCCPIR) and Carol Young (University of Auckland)

Art work by Jipé Le-Bars (SPC) & Duane Leewai

This publication was produced with funding from the Pacific-Australia Climate Change Science and Adaptation Planning (PACCSAP) program of the Australian Government; the SPC/GIZ Coping with Climate Change in the Pacific Island Region program (CCCPIR) on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ); and the SPC/USAID Vegetation and Land Cover Mapping and Improving Food Security for Building Resilience to a Changing Climate in Pacific Island Communities program.

# I. Pasifika

## 2. The Water Cycle / Le cycle hydrologique

# 3. Climate in the Pacific - Le climat dans la région océanienne

ABM-CSIRO 2011, Vol 1: 37, 42. BMA-CSIRO 2011, Vol 1: 37, 42

Monthly average maximum air temperature (red), mean air temperature (black), minimum air temperature (blue), sea-surface temperature (green) and average monthly rainfall (blue bars) at key locations in each of the Partner Countries. Station data over 1961–1990 were used.

Température moyenne maximale mensuelle de l'air (en rouge), température moyenne de l'air (en noir), température minimale de l'air (en bleu), température de la mer en surface (en vert) et précipitations moyennes mensuelles (barres bleues) dans des zones clés situées dans chacun des pays partenaires. On a utilisé les données des stations de 1961 à 1990.

# 4. Global climate - Le climat mondial

# 5. El Niño Southern Oscillation (ENSO) and climate variability / Le phénomène d'oscillation australe El Niño (OAEN) et la variabilité climatique

Crab, parrot and small El Niño & La Niña illustrations provided with courtesy of ABM-CSIRO-RCCC 2013. Le crabe, le perroquet et les petites illustrations d'El Niño et La Niña sont reproduites avec l'aimable autorisation d'ABM- CSIRO-RCCC 2013

Illustration by Jipé Le-Bars. © Copyright SPC/GIZ 2014.

# 6. Causes of Climate Change / Les causes du changement climatique

# 7. Interrelationships / Les liens d'interdépendance

# 8. The changing climate of Samoa

Coral during bleaching event, 2000

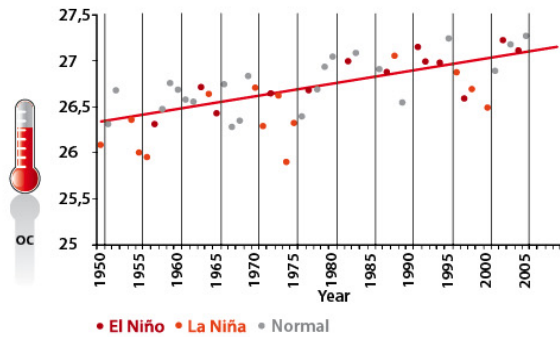

Piscilla Olano, 2012

## Changing Climate:

Average annual temperature for Apia

Source: ABM & CSIRO 2011

Average annual rainfall for Apia

Decrease in dry season rainfall

## Future Climate:

Increase in wet season rainfall

More extreme rainfall days

Temperature increase and more very hot days

Increase in ocean acidification

Sea-level rise

Cyclones less frequent but more intense

*9. Pasifika after a cyclone or severe storm /  
Pasifika après le passage d'un cyclone ou une forte tempête*

# 10. Pasifika during a drought - Pasifika après un épisode de sécheresse

# 12. Gardening and livestock / Le jardinage et l'élevage

# 13. Forestry and agro-forestry / La foresterie et l'agroforesterie

# 14. Fishing - La pêche

16. Pasifika with adaptations in place / Pasifika après la mise en œuvre des mesures d'adaptation
