

Recreate a marine food web

Create 5 groups with the following titles:

Primary producers

Herbivorous consumers

First level predators

Second and third level predators

Apex predators

Print and cut the following cards to sort them in the groups (each group has 3 cards).

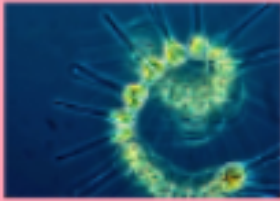

Mussels

Dolphins

Sardines

Phytoplankton

Herrings

**Great white
sharks**

Squids

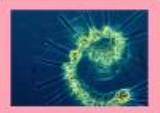

Jellyfish

Algae

ANSWERS

Primary producers

Phytoplankton

Seagrass

Algae

Herbivorous consumers

Mussels

Small crustaceans

Zooplankton

First level predators

Jellyfish

Sardines

Crustaceans

Second and third level predators

Herrings

Bluefin tunas

Squids

Apex predators

Dolphins

Orcas

Great white sharks
